

Ahmed Elhamalawy

Front-End developer | React.JS | React Native

(+20) 1156665280 | ahmed.a.hamalawy@gmail.com | github.com/Ahmed-Elhamalawy | www.linkedin.com/in/ahmed-elhamalawy

EDUCATION

BSc. Engineering – Misr University for Science and Technology – Grade: Very Good (2014 – 2019)

WORK EXPERIENCE

Frontend Developer @ MSOOL, Cairo, Egypt

Nov. 2024 – Present

- Led the full rewrite of a legacy course-provider mobile app (similar to Udemy), enhancing performance, UI, and scalability
- Refactored API integrations, improving response handling and reducing request failures by 45%
- Redesigned core mobile screens and added new features such as course playback, enrollment, and user dashboards
- Implemented 30+ mobile features including push notifications, deep linking, and persistent authentication
- Applied i18next for Arabic/English localization to ensure a consistent multilingual user experience
- Built responsive mobile UIs from Figma designs with 95%+ visual accuracy across iOS and Android
- Used custom hooks and React Query to optimize data flow, reducing load times by 40% and improving offline support

Tech Stack: React, React Native, TypeScript, React Query, i18next, REST APIs, Axios, Tailwind CSS, Material UI, Figma, Framer Motion, React native Reanimated

Frontend Developer @ Curved, Cairo, Egypt

May. 2023 – Nov. 2024

- Revamped 20+ UI components and boosting performance by 30% across two web apps
- Integrated 30+ RESTful APIs to improve real-time data accessibility and user interaction
- Built structured form workflows with POST APIs, reducing submission errors by 40%
- Created 10+ custom React hooks and leveraged React Query to minimize redundant fetches by 50%
- Implemented bilingual support (Arabic & English) with i18next, improving user accessibility
- Translated Figma designs into responsive, accessible UI views with 95% design accuracy

Tech Stack: React, React Native, JavaScript (ES6+), React Query, i18next, REST APIs, Axios, Bootstrap, Tailwind CSS, Material UI (MUI), Figma, Styled Components

PROJECTS

E-Commerce User Interface (React.js, Redux Toolkit, Tailwind CSS, React Router Dom)

- Developed a multi-page frontend e-commerce application
- Used React Router DOM for seamless navigation between pages
- Integrated fake backend APIs to render dynamic product data
- Built a fully functional cart page with Redux Toolkit for state management
- Enabled cart operations like product selection, quantity updates, and total price calculation

Foody (Mobile App – React Native) (React Native, React Query, Reanimated, Async Storage)

- Implemented a responsive design across devices using **react-native-responsive-screen**
- Used **Stack Navigation** for smooth transitions between Welcome, Home, Meals, and Meal Detail screens
- Fetched categories and meals dynamically from APIs, managed with **React Query** for optimized performance
- Enhanced UI with animations using **react-native-reanimated** and modern icons via **react-native-heroicons**
- Utilized **Async Storage** for local data persistence where necessary

SKILLS

- **Software:** HTML, CSS, JavaScript, TypeScript, React.js, React Native, Next.js, Node.js, Express.js, MongoDB, GitHub, Git, Figma
- **Languages:** Arabic (Native), English (Fluent)
- **Soft Skills:** Problem-solving, Communication, Attention to Detail, Team Collaboration, Time Management, Adaptability, Critical Thinking
